### ABOUT US

We are 51% or greater Woman-owned DBE – SBE- CUCP Certified material distributor for Specialty Infrastructure, Roadway, Public Private Partnerships, Data Centers, Metro, Light Rail, Automated People Mover and Broadband Fiber projects in VA, CA, MD and NC.

MES have been in business since 2019.

### COMMERCIALLY USEFUL FUNCTION

- Estimating , price negotiations, material takeoffs, transportation, warehousing, over an acre of outside storage, material submittals, customer invoicing, billing, and accounting performed in-house.
- We offer drop shipment with flexible delivery options:
  - Maintain and operate MES owned trucks and trailers for material delivery
  - Standard industry practices for bulk material delivery
  - We team with trucking companies when needed for complex orders.
- Material Submittals processed through Mountain Electric Supply, Inc.
- Supporting documentation provided upon request.

### COMPETITIVE ADVANTAGE/DIFFERENTIATORS

- MES has multiple distributorships with the largest PVC manufacturer in the world for PVC, HDPE and fittings allowing us to give pricing without using any supply houses giving MES a huge advantage over your everyday supply house and average DBE . Commodity Risk Mitigation.
- A DBE -SBE Regular Supplier/Dealer in 100% Compliance with Federal and State DBE allowance of 60% of the cost of material to be applied toward DBE participation requirement.
- Qualified Supplier/Dealer to the country's Largest, National & Regional, Owners, Local GCs, Primes and Subcontractors.
- Supply and deliver 20' and 40' Connex Boxes for job site material storage.
- Specialty Infrastructure Consulting Services
